If I throw smaller disks, chance to recover some rather than suffer you you will have to take our cill." Daly actional loss of their investment. But the ancepted and the match came off, with the result uncement of a scheme for completing the canal in five years at a cost of \$100,000,000, ments were agreed to. Thus are the laws of and ten years more before profitable returns | the people most wisely made-sometimes. await the investor, does not seem bewilderingly alluring. The Panama Canal looks like a speculative bubble pretty well bursted.

The Kniser is never so happy as when shaking something as a terrier does a rat His brother-in-law, Duke GUNTHER OF SCHLESWIG-HOLSTEIN, went to a hardle race on Sunday, and thereupon Withitties berated him roundly, styling him a "blas phemons jockey." Being a relative of the young Emperor is no projection against his wrath. Is this justice or imperial prider

The censorship of communications to the press is becoming more marked to Germany. The presence of a single and tence which offends the officials is enough to have the whole report of some Govern ment meeting suppressed. The Liberah have good ground for their complaints on this head. A free press is a people's safe guard.

The Nev York woman who established a home for cats has a German rival, who advertises as follows: "Wanted, by a lady of quality, for adequate remuneration a few well-behaved and respectable dressed children to amuse a cat in delicate health two or three hours a day." Formerly i was the cats that amused the children.

The Flushing Insane Asylum is a poor place to confine any one. Escape is so easy. Another lunatic has broken away from there and is at large. There is some comfort in the assurance that the gentleman's heart is all right, though he is wronin his head. But public safety calls for a closer grip on the Flushing lunaties.

The growth of pension scandals, eccord ing to the latest revelations in Compais sioner Baum's department, appears to have more than kept pace with the growth of the pension lists.

man did the killing, his arrest and the good character of the bod-carrier will be the character of the bod-carrier will be the character of the bod-carrier will be the means of saying the latter from the electrical chair.

Circumstantial evidence must have great bearing in all capital cases, because when a murder is committed the murderer takes care that there shall be no witnesses to the deed. The strongest clue that then can be obtained is motive, and the whereabouts of the suspected person about the time the erime was committed. Yet this evidence must be considered with great care and judgment, for it is very apt to produce mistaken conclusions. Where a man's life depends upon it the position.

A raviching Sunday set me to wondering how of the suspected by vicible at the of the calline species is a Scotch colle. So Scotch colle. When the property of the calline species is a Scotch colle. That doe possed many years got to the harpy hemiting grounds and was decently buried on the catate of Balmorat. The queen base ever a few sevents are in the obtained in the flightlands as nice of Scotch colle. That doe possed many years got to the harpy hemiting grounds and was decently buried on the catate of Balmorat. The queen base ever a few sevents are in the owner of a series of Scotch colle. That doe possed many years got to the harpy hemiting grounds and was decently buried on the catate of Balmorat. The queen base ever a few sevents are in the owner of the substitute of the Stotch colle. That doe harpy hemiting grounds are in the first about the time the erime was committed.

See that there shall be no witnesses to be visible at the of the cautine species is a Scotch colle. That doe he left beauting grounds and was a got to the harpy hemiting grounds and was decently buried on the catate of Balmorat. The queen base ever a series of Scotch colle. That doe he harpy hemiting grounds are the first about the time the remained by the series of the series of the series of the series of the substitute of the series of the s great care and judgment, for it is very apt to produce mistaken concinsions. Where a man's life depends upon it the position of the jury which is trying him is delicate indeed, for nothing can be more sections than the inflicting of the death penalty upon an innocent man.

There are still friends to the betighted ballet girl in Minnesota's logislative conclave. The bill which sought to bauish from the boards the rosy gleam of legs in tights has been vigorously downed, and the study of anatomy can now be cheerfully prosecuted in the Minnesota temples of
